

Z2 Auto

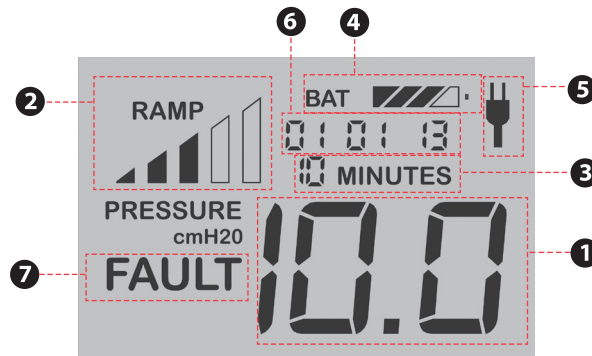

The Z2 Auto CPAP machine is ultra-small, light weight, full featured auto pressure CPAP machine that is perfect for travel. The therapy pressure adjusts on a breath-by-breath basis which results in a lower overall mean pressure than a fixed pressure CPAP. It is the ultimate CPAP for travelers and people with an active lifestyle.

Z2 Auto

Ultra-small, travel CPAP

Quiet motor
Auto Start/Stop
No special mask required
Battery option

Take your adventures off the grid

With the auto-adjusting Z2 Auto, you can take your CPAP anywhere you want to go. Just add the optional PowerShell® with Extended Life Battery to provide battery power for a full night's sleep on a single charge.

It's great for camping or any where access to power is limited.

Shown actual size
6.48" x 3.30" x 2.02"

Travel anywhere in the world

The Z2 is FAA compliant for in-flight use. It comes with an auto-adjusting voltage power supply that lets you plug into any outlet in the world with just an added plug adapter.

Check your sleep data

Download your Z2 Auto® sleep data directly to your iOS or Android phone or tablet with the free Nitelog® mobile app.

Just download the app, connect to the Z2 via Bluetooth and you're ready to go.
